Holy Ghost Catholic School Pupil Premium Strategy

Date: December 2019

Date of next review of Pupil Premium: December 2020

Background:

Pupil Premium funding is a government initiative designed to target resources to those pupils deemed to be from a disadvantaged background. Specifically, the Pupil Premium money is for those pupils who have been on Free School Meals (FSM) at any point over the past 6 years (Ever6) or those children who have been looked after continuously for at least 6 months (CLA). For the year 2018/2019 the Pupil Premium has a value of £1320 per eligible pupil in primary education and £935 per eligible pupil in secondary education (£2300 for those who are looked after or adopted from care). Neither the government nor any government agency has dictated how the Pupil Premium money should be spent, but the money must be used to promote strategies which narrow the attainment gap between the highest and lowest achieving pupils, and which enable eligible pupils to thrive, particularly if they demonstrate high ability.

Overview of Holy Ghost Catholic School's Strategies for improving the performance of pupils who are disadvantaged

At Holy Ghost Catholic School, the main barriers to educational achievement that pupils in our school who are disadvantaged face are:

- Emotional and physical development needs
- Need for extended learning opportunities / enrichment
- Before and after school care
- Speech and Language Support
- Parental support
- IT facilities

We will spend our pupil premium funding in the following ways to address these barriers.

- Uniform
- Enabling enrichment, through music, sports and clubs, school trips and residential visits.
- Targeted 1:1 tuition before school where required
- Talk time to support emotional well being
- Specific Literacy support
- Specific Numeracy support
- Holiday club activities
- Parenting Support
- Small targeted groups for English and Maths
- After school clubs

Our rationale for spending the money in this way is:

The pupil premium is provided to schools to support children who may be vulnerable to underachievement. We recognise that not all children who are vulnerable to disadvantage may be eligible for free school meals and so reserve the right to allocate Pupil Premium to support the learning of any child who may be disadvantaged.

At Holy Ghost we organise teaching to meet the needs of all our children in the best way possible, often in small groupings – research shows that early identification of need supports better development.

Early acquisition of language is an area that is proven to support children's learning so we explore early opportunities to support any language deficit and address particular need through internal and external expertise

We ensure clear analysis and identification of need before allocating the use of Pupil Premium to support particular interventions

Interventions will vary over time and according to need – progress is monitored each half term and a review of the provision is then made. Research and experience shows that prompt monitoring and subsequent adjustment of provision is key to ensuring progress.

Holy Ghost Catholic School 2019 - Attainment and Progress of pupils eligible for Pupil Premium funding

The Pupil Premium funding is spent in a variety of ways with the direct and explicit aim of improving the academic outcomes and broader educational experience of our pupils who are most disadvantaged. This includes investment in both academic and pastoral strategies.
