

HOLY GHOST SCHOOL SCIENCE PROGRAMME OF STUDY

	MATERIALS	ANIMALS INCLUDING HUMANS	PLANTS	LIVING THINGS AND THEIR HABITATS	PHYSICS: ELECTRICITY, LIGHT, FORCES,	SEASONAL CHANGES/SUN EARTH AND MOON LIGHT	EVOLUTION AND INHERITANCE
YEAR 1	<p>distinguish between an object and the material from which it is made</p> <p>identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock</p> <p>describe the simple physical properties of a variety of everyday materials</p> <p>compare and group together a variety of everyday materials on the basis of their simple physical properties.</p>	<p>identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals</p> <p>identify and name a variety of common animals that are carnivores, herbivores and omnivores</p> <p>describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals, including pets)</p> <p>identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense</p>	<p>identify and name a variety of common wild and garden plants, including deciduous and evergreen trees</p> <p>identify and describe the basic structure of a variety of common flowering plants, including trees.</p>			<p>observe changes across the four seasons</p> <p><input type="checkbox"/> observe and describe weather associated with the seasons and how day length varies.</p>	

HOLY GHOST SCHOOL SCIENCE PROGRAMME OF STUDY

HOLY GHOST SCHOOL SCIENCE PROGRAMME OF STUDY

	MATERIALS	ANIMALS INCLUDING HUMANS	PLANTS	LIVING THINGS AND THEIR HABITATS	PHYSICS: ELECTRICITY, LIGHT, FORCES,	SEASONAL CHANGES/SUN EARTH AND MOON LIGHT	EVOLUTION AND INHERITANCE
Year 2	<p>identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper and cardboard for particular uses</p> <ul style="list-style-type: none"> <input type="checkbox"/> find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting and stretching. 	<p>notice that animals, including humans, have offspring which grow into adults</p> <ul style="list-style-type: none"> <input type="checkbox"/> find out about and describe the basic needs of animals, including humans, for survival (water, food and air) <input type="checkbox"/> describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene. 	<p>observe and describe how seeds and bulbs grow into mature plants</p> <ul style="list-style-type: none"> <input type="checkbox"/> find out and describe how plants need water, light and a suitable temperature to grow and stay healthy. 	<p>explore and compare the differences between things that are living, dead, and things that have never been alive</p> <ul style="list-style-type: none"> <input type="checkbox"/> identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other <input type="checkbox"/> identify and name a variety of plants and animals in their habitats, including micro-habitats 			

HOLY GHOST SCHOOL SCIENCE PROGRAMME OF STUDY

				<input type="checkbox"/> describe how animals obtain their food from plants and other animals, using the idea of a simple food chain, and identify and name different sources of food.			
--	--	--	--	--	--	--	--

HOLY GHOST SCHOOL SCIENCE PROGRAMME OF STUDY

	MATERIALS	ANIMALS INCLUDING HUMANS	PLANTS	LIVING THINGS AND THEIR HABITATS	PHYSICS: ELECTRICITY, LIGHT, FORCES,	SEASONAL CHANGES/SUN EARTH AND MOON LIGHT	EVOLUTION AND INHERITANCE
Year 3	<p>compare and group together different kinds of rocks on the basis of their appearance and simple physical properties</p> <ul style="list-style-type: none"> <input type="checkbox"/> describe in simple terms how fossils are formed when things that have lived are trapped within rock <input type="checkbox"/> recognise that soils are made from rocks and organic matter. 	<p>identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat</p> <ul style="list-style-type: none"> <input type="checkbox"/> identify that humans and some other animals have skeletons and muscles for support, protection and movement. 	<p>identify and describe the functions of different parts of flowering plants: roots, stem/trunk, leaves and flowers</p> <ul style="list-style-type: none"> <input type="checkbox"/> explore the requirements of plants for life and growth (air, light, water, nutrients from soil, and room to grow) and how they vary from plant to plant <input type="checkbox"/> investigate the way in which water is transported within plants <input type="checkbox"/> explore the part that flowers play in the life cycle of flowering plants, including pollination, seed formation and seed dispersal. 		<p>Light:</p> <p>recognise that they need light in order to see things and that dark is the absence of light notice that light is reflected from surfaces</p> <p>recognise that light from the sun can be dangerous and that there are ways to protect their eyes</p> <p>recognise that shadows are formed when the light from a light source is blocked by an opaque object</p> <ul style="list-style-type: none"> <input type="checkbox"/> find patterns in the way that the size of 		

HOLY GHOST SCHOOL SCIENCE PROGRAMME OF STUDY

					<p>shadows change.</p> <p>Forces and Magnets compare how things move on different surfaces notice that some forces need contact between two objects, but magnetic forces can act at a distance observe how magnets attract or repel each other and attract some materials and not others compare and group together a variety of everyday materials on the basis of whether they are attracted to a magnet, and identify some magnetic materials describe magnets as having 2 poles</p>		
--	--	--	--	--	---	--	--

HOLY GHOST SCHOOL SCIENCE PROGRAMME OF STUDY

					predict whether two magnets will attract or repel each other, depending on which poles are facing.		
	MATERIALS	ANIMALS INCLUDING HUMANS	PLANTS	LIVING THINGS AND THEIR HABITATS	PHYSICS: ELECTRICITY, LIGHT, FORCES, SOUND	SEASONAL CHANGES/SUN EARTH AND MOON LIGHT	EVOLUTION AND INHERITANCE
Year 4	<p>compare and group materials together, according to whether they are solids, liquids or gases</p> <ul style="list-style-type: none"> □ observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C) □ identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature. 	<p>describe the simple functions of the basic parts of the digestive system in humans</p> <ul style="list-style-type: none"> □ identify the different types of teeth in humans and their simple functions □ construct and interpret a variety of food chains, identifying producers, predators and prey. 		<p>recognise that living things can be grouped in a variety of ways</p> <p>explore and use classification keys to help group, identify and name a variety of living things</p> <p>recognise that environments can change and that this can sometimes pose dangers to living things.</p>	<p>Sound: identify how sounds are made, associating some of them with something vibrating</p> <p>recognise that vibrations from sounds travel through a medium to the ear</p> <p>find patterns between the pitch of a sound and features of the object that produced it</p> <p>find patterns between the volume of a sound and the strength of the</p>	<p>of living things in their local and wider environment</p>	

HOLY GHOST SCHOOL SCIENCE PROGRAMME OF STUDY

					<p>vibrations that produced it recognise that sounds get fainter as the distance from the sound source increases</p> <p>Electricity: identify common appliances that run on electricity construct a simple series electrical circuit, identifying and naming its basic parts, including cells, wires, bulbs, switches and buzzers identify whether or not a lamp will light in a simple series circuit, based on whether or not the lamp is part of a complete loop with a battery recognise that a switch opens and closes a circuit</p>		
--	--	--	--	--	---	--	--

HOLY GHOST SCHOOL SCIENCE PROGRAMME OF STUDY

					and associate this with whether or not a lamp lights in a simple series circuit recognise some common conductors and insulators, and associate metals with being good conductors.		
	MATERIALS	ANIMALS INCLUDING HUMANS	PLANTS	LIVING THINGS AND THEIR HABITATS	PHYSICS: ELECTRICITY, LIGHT, FORCES, SOUND	SEASONAL CHANGES/SUN EARTH AND MOON LIGHT	EVOLUTION AND INHERITANCE
Year 5	compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets <input type="checkbox"/> know that some materials will dissolve in liquid to form a solution, and describe how to recover a	describe the changes as humans develop to old age.	Use basic geographical vocabulary to: (1) identify physical features including: forest, hill, mountain, sea, ocean, river, season, weather (2) refer to key human features including: city, town, village, house, office, shop, port harbour	describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird <input type="checkbox"/> describe the life process of reproduction in some plants and animals . (Year 6)	explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object <input type="checkbox"/> identify the effects of air resistance, water resistance and friction, that act between moving surfaces	describe the movement of the Earth, and other planets, relative to the Sun in the solar system <input type="checkbox"/> describe the movement of the Moon relative to the Earth <input type="checkbox"/> describe the Sun, Earth and Moon as	

HOLY GHOST SCHOOL SCIENCE PROGRAMME OF STUDY

	<p>substance from a solution</p> <ul style="list-style-type: none"><input type="checkbox"/> use knowledge of solids, liquids and gases to decide how mixtures might be separated, including through filtering, sieving and evaporating<input type="checkbox"/> give reasons, based on evidence from comparative and fair tests, for the particular uses of everyday materials, including metals, wood and plastic<input type="checkbox"/> demonstrate that dissolving, mixing and changes of state are reversible changes<input type="checkbox"/> explain that some changes result in the formation of new materials, and that this kind of change is not usually reversible, including changes associated with burning and the action				<ul style="list-style-type: none"><input type="checkbox"/> recognise that some mechanisms, including levers, pulleys and gears, allow a smaller force to have a greater effect.	<p>approximately spherical bodies</p> <ul style="list-style-type: none"><input type="checkbox"/> use the idea of the Earth's rotation to explain day and night and the apparent movement of the sun across the sky.
